CLASSES

SENIORS

Seniors . . .

Years from today we will look back on our college years as one of the most formative periods of our lives. We will look through these pages, releasing emotions and coming to the realization that our years at St. Andrews were but a brief span; a span in which we grew to a better understanding of ourselves and something called "Life."

We should take time to remember our years at St. Andrews because such remembrances are an important part of ourselves.

This section is dedicated to the
class of 1979 and to St. Andrews
Presbyterian College.

More powerful than the shattering of an atom is the penetration of the human mind. For it is within the human mind that ideas are born, grow, and finally burst forth, to the betterment of our world.

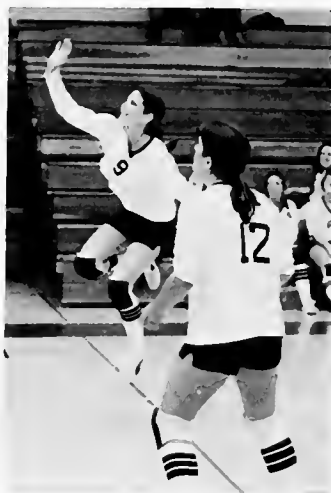

The true art of memory is the
art of attention.

If you had never been my friend,
not much would change really.
I'd just spend more time
looking for a part of me
that has yet to be defined,
for a person to go to
when I need to find myself.

Some combinations just can't be beat.

A friend brings comfort, courage, and laughter.

OEDIPUS

THE IMPORTANCE OF BEING EARNEST

THE SHADOWBOX

Memories are Golden. It is the hope of the yearbook staff that you have found in this account of the 1979 school year, memories which will remain with you throughout the years.

This, the last LAMP AND SHIELD of this decade, is presented to you, the students of St. Andrews Presbyterian College, as a testimonial to the year past. It is a testimonial to the lives of each of you and to times shared collectively and individually.

It is not easy accumulating photographs of people, of events, of sorrows, and joys. It is even more difficult to amass these pictures into a meaningful representative book. Such a representation must always be an incomplete mirror, a partial reflection of times gone by. Through the efforts of many people we, the LAMP AND SHIELD staff are able to give to St. Andrews this publication.
